

Instructions for Rate Calculator version 5.0 Setup

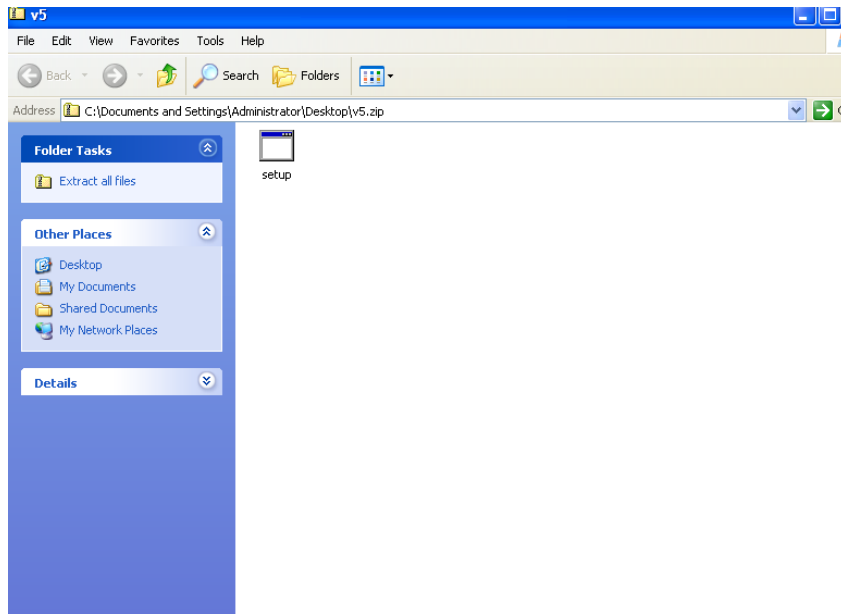

Steps:

- 1) Download from our website at:
<http://www.firstamny.com/detailwide.aspx?id=156> the latest Rate Calculator Version 5.0. You should see the download towards the middle-bottom of the page.
- 2) Simply click on the Rate Calculator v5.0 link and you will see the following:

Go Ahead and select “Save” and save it to your desktop. The desktop option should be on the left hand side of the “Save As” window. ***This download may take several minutes***

- 3) Now find the v5.zip on your desktop area and double click it. You should see the following:

Now, double click the setup file you see above. Go ahead and select “Run” when prompted. Simply select the default prompts “Next” and “Install” until finished. Go ahead and select “Finish”. You will now notice another set of windows opening. Go ahead and select “yes” and read the message along the top of the current window. **Remember, Don’t Reboot** until the install is completed. Once again, select the default options. The total time to install should be around 12 minutes.

Congrats, you have installed the First American Title Insurance Company of New York’s Rate Calculator.

You can now delete the v5.zip file which is on your desktop.
